

FTP Instructions

1. Compress file(s)/or encompassing folder using Stuffit for Macs or WinZip for PCs.
2. Do not use spaces nor non-letter characters, such as *&#!^%+><, in file names. Use hyphens (-) or underscores (_) if necessary.
3. Upload files using an FTP program such as Fetch or Transmit for Mac users or WS_FTP or FTPWizard for PC users.

FTP Host: ftp.marinmagazine.com
User ID: marinmagftp
Password: marin

4. After successfully uploading files, send an email to: production@marinmagazine.com to confirm we've received your file(s). Thank you.
